"I've been involved professionally with Cande since 1979 on a variety of trade show industry events including the San Francisco International Gift Fair.

Cande has always provided an almost turn key operation on everything she attempts- many shows I am aware of that Cande worked on required little added effort from Show management. I have found Cande to be extremely loyal, competent, knowledgeable, and diligent. She receives respect from all those who work with her including the union personnel she manages on many of her shows."
